### Product description

The Bizerba printhead cleaner prevents the printheads from clogging and ensures a clean print image. The result is perfectly legible texts and barcodes that provide your customers with a high level of product transparency and safety, plus efficient processes at the cash register. Yet another highlight: Perfectly printed labels raise your image and increase the trust and loyalty of your customers. Regularly applied, the cleaner prevents the occurrence of mechanical damage, which can result from clogged up printheads. As you clean, you actively protect your investment, increasing the accessibility and sustainability of your printer. The fact that the Bizerba cleaner is certified with the NSF Hygiene Standard C1 Nonfood Compounds means that you can clean your printheads without concern.
